Tim Ernst, Student Body President, Class of 2009

YES, WE'RE GETTING A FOOTBALL TEAM

WE NEEDED SOMETHING TO BALANCE OUR PROFESSORS OF THE YEAR, SUB-ATOMIC RESEARCH, AND BIOINFORMATICS PROGRAM.

Thanks to our world-class credentials in innovation, research, and technology, UNC Charlotte may seem a little too academic. With 23,000 driven students, notable alumni, and an award-winning faculty, UNC Charlotte has what it takes to bring the crowd to their feet. A football team is just icing on the cake. Stake your claim to a university that’s making academic touchdowns, right in Charlotte.
UNC Charlotte is a hotbed for innovation in science and technology. Take our Global Challenge team. Based on their work in revolutionizing solar energy, our team was selected as finalists in a worldwide competition for creating market-viable energy technologies. With our award-winning faculty, notable alumni, and 23,000 forward-thinking students, UNC Charlotte is cultivating world-changing ideas, right here in your backyard. Stake your claim to a university that’s light years ahead of the pack.

BIOFUELS
GENOME RESEARCH
PHOTOVOLTAIC TECHNOLOGY
IT’S NOT SCIENCE FICTION.
IT’S COLLEGE.

Dr. Mohamed-Ali Hasan, Associate Professor, Optoelectronics and Optical Communications Leader of the UNC Charlotte Global Venture Challenge team Raesto
To find world-class talent, you don’t have to look any farther than UNC Charlotte. Whether it’s academics, athletics, or the arts, we’re home to top achievers and leaders. 23,000 students strong and growing, UNC Charlotte boasts an award-winning faculty, notable alumni, and an outstanding student body. Stake your claim to a university that’s home to academic achievement.
UNC Charlotte is home to the spirited. The tenacious. Can-do kind of pioneers who raise eyebrows and leave a mark. Whether it’s academics, athletics, or the arts, we’re home to world-class achievers and leaders. 23,000 students strong and growing, UNC Charlotte boasts an award-winning faculty, notable alumni, and a student body of winners. Stake your claim to a university that doesn’t just try — we succeed.
Like the rest of UNC Charlotte’s faculty, Dr. James Amburgey is more than just a professor. He’s a doer. Through his research, he created a simple, low-tech filter that can deliver safe, clean drinking water to millions of people. Thanks to notable faculty like Dr. Amburgey, students at UNC Charlotte don’t just take classes – they’re shaped by proven innovators and achievers. Stake your claim to a university where great things get done.
UNC Charlotte’s new facility in Charlotte’s Center City is slated to be completed in 2011. With 143,000 sq. feet, 25 classrooms, meeting and performance spaces, a four-acre park and public transit next door, it says something about vision. 23,000 students strong and growing, UNC Charlotte boasts an award-winning faculty, notable alumni, and a student body of future leaders. Stake your claim to a university that will meet you uptown.
